SO REAL

Singing soulfully with power and a natural story-telling instinct, **Yolanda Rabun's** fans will be pleased with the release of her debut jazz project, **So Real. Yolanda Rabun**, a graduate of Atlanta's acclaimed *Northside School of the Arts*, worked with the late Isaac Hayes, opened for Tony/Grammy winner Jennifer Holiday, and has performed in festivals in Hawaii, Japan, South Korea and throughout the States. With an Honors Degree from Holy Cross College and JD from Boston College Law School, **Yolanda** is also an award winning corporate attorney and noted professional actor. **Rabun's, So Real**, is a unique reflection of several emotional states of 'real' love. Each song represents genuine moments in personal relationships.

The **So Real Enhanced CD** features the smooth jazz sounds of saxophonist and international recording artist, Stanley Baird to compliment the moods and songs newly-written, produced or arranged by **Yolanda** and her band. All of the instrumentalists on this recording shine as superlative and sensitive accompanists that contribute character to the story through imaginative solos.

Yolanda debuted the title track, '**So Real**' with an HD Music Video and live with rave reviews in an Armed Forces Entertainment tour to Portugal, Spain, Turkey and Jordan to entertain the United States Troops in February 2011.

Release Date: July 12, 2011
